

Declaration of Subject-Related Knowledge Acquired in the Previous Study Program

§ 6 ZuIO IMES

First Name

Last Name

Previous Study Program 1
(Bachelor)

Previous Study Program
(2nd Bachelor or Master)

1. Identify up to 6 ECTS of courses from your previous study program that best fulfill the subject-related knowledge requirement.
2. If you would like to declare none, please check the relevant box and leave the remaining fields empty.
3. Please only include a brief description for each course **if the course title does not explicitly reference a knowledge-area in the title itself or course code** (e.g. *Math 301, Calculus, Entrepreneurial Studies, Statistical Methods, Ecological or Social Sustainability, Innovation Systems*). An overlapping discipline, such as "social entrepreneurship", can only be counted once, unless it is more than 6 ECTS.
4. Note the possibility to identify 3 courses per discipline on this form, but only 6 ECTS **in total** are required.
5. Please highlight each referenced course on the copy of your submitted academic transcript. (circle or mark)
6. Declarations are subject to review; the mere presence does not ensure recognition.
